LEAD MEMORIAL DAY PARADE HERE — The two marching units above were among the score of organizations which joined yesterday in Memorial Day ceremonies honoring the dead of two world wars. Left: The McKinley School drum and bugle corps, one of the outstanding groups of its type on the Peninsula. Above: The color guard of the Capt. H. J. Reilly Auxiliary, United Spanish War Veterans. Yesterday's activities started with rites at the Sequoia Theater, from where the parade proceeded to Union Cemetery for graveside services.

Redwood City Honors Nation's War Dead In Impressive Rites

Redwood City honored the nation's dead Monday in impressive Memorial Day services at the Sequoia Theater. Peter Conmy, grand president of the Native Sons of the Golden West, gave the major address before an audience of more than 400 persons.

Conmy extolled the nation's war dead as having the true pioneer spirit of men and women who gave their lives that all nations of the earth might enjoy human goodness. "The pioneer spirit of California was shown in those men and women who gave their lives that the world might live in peace," declared Conmy.

"Their devotion to duty can be reckoned to the spirit of the early California pioneer who faced untold hardships in founding this great state," he declared.

The program was opened by the entrance of the colors carried by members of civic and service organizations of Redwood City. The opening prayer was led by the Rev. C. P. Boes of St. Peter's Episcopal Church.

Also participating in the program were members of the Sequoia High School Band and members of the 149th AAA Battalion of the 49th Division California National Guard.

Following the ceremonies at the theater was the Memorial Day parade which included units of military, civic and veterans groups of Redwood City. Boy Scout and Cub Scout troops formed an honor guard together with members of the Redwood City Fire Dept.

Civic and veteran organizations took part in a program at the Union Cemetery following the parade. Decorating of the graves was done by patriotic women's organizations and veterans' auxiliaries.

Participating in the program were members of the Women's Relief Corps; United Spanish War Veterans Auxiliary; Veterans of Foreign Wars Auxiliary; Disabled American Veterans Auxiliary and the Canadian Legion Auxiliary.

The Memorial Day services were under the direction of the United Veterans Coordinating Council.

3 Plan Appeal Of Robbery Conviction

Three San Francisco men who held up the Silver Saddle this week were sentenced to San Quentin, but their attorney indicated today he would appeal the case to higher courts.

The sentences were meted out by Superior Judge Edmund Scott to Eugene Lagomarsino, Carl Land Theus and James Williams.

Their attorney, Nathan C. Coghlan, has asked Judge Scott to grant a new trial on "all statutory grounds," but the judge denied the motion. Instead, he granted a 48-hour stay in carrying out the sentence, in order to give Coghlan time to appeal to the higher courts for a new trial.

The three men were captured by San Mateo County deputy sheriffs and San Francisco police, who trapped them after a fourth man tipped off the San Francisco police that the robbery was to take place. The men pleaded not guilty and not guilty by reason of insanity, but Judge Scott found all three of them guilty and sane.

In another case before Judge Scott, Elton W. Schonert, 34-year-old tile setter, was sentenced to 60 days in the county jail for beating his wife, Iris.

Mrs. Schonert had been given three days in the county jail for contempt of court after she refused to testify.

In addition to the 60 days given Schonert yesterday, he also was placed on probation for three years.

One of the four men charged with working a bad check racket in the San Mateo-Burlingame area was sentenced to six months in the county jail by Superior Judge Aylett R. Cotton.

Gilbert Anaya of San Francisco had pleaded guilty to 27 counts of bad checks. The other three San Franciscans, Vincent Domino, Wallace Stanley and John F. Doerr, all have denied the charges and are to go on trial before Judge Cotton.

Dist. Atty. Henry Davis said that the men forged payroll checks and passed them to merchants in San Mateo and Burlingame.

Burning Permits Needed Here

Fired Chief Joe Lodi today warned Redwood City residents that they must obtain written permits before undertaking any outside burning.

Lodi said that unless the burning is in an incinerator a written permit must be obtained from the fire station. Burning in an incinerator or in the open, may be undertaken only between 6 a.m. and 10 a.m.

Thirsty Baby Drinks Solvent

Kathleen Dickinson, 14-month-old daughter of Mr. and Mrs. G. T. Dickinson, 2707 Ponce St., Belmont, was reported "getting along fine" after she drank a bottle of chemical solvent Monday night.

Belmont police rushed Kathleen to the hospital after she drank the solvent as her young brother was using the solution to build a model airplane.

Kathleen's father said she dragged the bottle containing the chemicals off a card table in the living room and gulped the stuff down before he could reach her.

Dickinson called police who have him a police escort to Community Hospital where hospital attendants pumped out Kathleen's stomach.

San Francisco Woman Killed as Car Plunges Down 150-Foot Cliff

A San Francisco woman was killed this week when the car she was driving plunged 150 feet off a cliff of Coast Hwy. near Rockaway Beach.

Chief Dep. Sheriff Walter Moore reported that the car was registered to Mrs. Alice Kearns, 610 Geary St. and it was determined Mrs. Kearns was the driver.

California Highway Patrol Officer Richard Kimble climbed down the steep cliff to the wreck and upon returning to the top, he collapsed. He was taken to Junipero Serra Hospital. Kimble, who lives at 1154 Sevier Ave., Menlo Park, came here from Tulare County last August.

Moore said that the car was northbound on Coast Hwy. near Mussel Rock, and that it apparently ran onto loose gravel on a curve. Out of control, the 1941 Chevrolet club coupe plunged end over end down the cliff. It came to rest on a culvert.

The queen contest would be handled by experienced personnel, and would be a part of the main show which will be held in the San Carlos recreation center.

"Si Perkins Country Store," a popular show that has toured the U. S. from coast to coast, is under consideration for the show.

A big parade will be held on July Fourth with colorful floats competing for trophies, and a drum and bugle corps will assist a band in providing marching music. Other festivities scheduled for the fourth are three baseball games, the finals of a tennis tournament, children's races, and the big evening show.

A dance for everyone will follow the evening show, committee workers announced.

In addition to all the special events, local organizations will provide a "midway" consisting of game booths, food concessions, and entertainment booths of all kinds.

A pet parade will be held on Sunday, July 3, starting at about 1 p.m. This event has drawn much interest in past years with its varied collection of pets escorted by their youthful masters, officials explained.

The garage of a hillside Emerald Lake home was badly damaged this noon when a truck and flatbed trailer slid into it.

The accident occurred on the property of Harry Miller, 547 Summit Dr., west of Redwood City.

Cliff Bakewell, 31, of Los Gatos, driver of the truck, said that he had parked the truck on Summit Dr. to unload a tractor from a flatbed trailer. While Bakewell was on the trailer, the truck started rolling backward. Bakewell jumped clear, but the rig crashed into the garage.

Truck Rams Hillside Garage

The garage of a hillside Emerald Lake home was badly damaged this noon when a truck and flatbed trailer slid into it.

The accident occurred on the property of Harry Miller, 547 Summit Dr., west of Redwood City.

San Francisco Woman Killed as Car Plunges Down 150-Foot Cliff

A San Francisco woman was killed this week when the car she was driving plunged 150 feet off a cliff of Coast Hwy. near Rockaway Beach.

Chief Dep. Sheriff Walter Moore reported that the car was registered to Mrs. Alice Kearns, 610 Geary St. and it was determined Mrs. Kearns was the driver.

California Highway Patrol Officer Richard Kimble climbed down the steep cliff to the wreck and upon returning to the top, he collapsed. He was taken to Junipero Serra Hospital. Kimble, who lives at 1154 Sevier Ave., Menlo Park, came here from Tulare County last August.

Moore said that the car was northbound on Coast Hwy. near Mussel Rock, and that it apparently ran onto loose gravel on a curve. Out of control, the 1941 Chevrolet club coupe plunged end over end down the cliff. It came to rest on a culvert.

Record County Salary Budget Approved

San Mateo County's salary ordinance for the 1949-50 fiscal year, setting up a total of 921 county jobs and positions, was adopted last week by the board of supervisors.

The ordinance provides for 93 more jobs than were allowed a year ago.

Of the 921 positions, 25 are for elective jobs, 46 for the unclassified service, and 850 in the classified or civil service category.

The salary ordinance, the adoption of which is mandatory by May 31, sets up the number of positions and the salary ranges. The overall salary budget, the actual amount of money to be appropriated for wages for the year, is included in the combined county budget.

Public hearings on the overall budget will start on June 10, Henry W. Edmonds, chairman of the board of supervisors, announced today. Controller Fred Beer said that copies of the preliminary budget should be back from the printers Tuesday and available in his office to the public.

The supervisors must adopt the budget June 30, and the public hearings may last no more than 10 days. However, if no opposition develops, the supervisors if they wish could adopt the budget on the first day of the public hearings.

The board today also had under consideration an ordinance to change the county employees' pay day from the last day of the month to the 10th of the month or a few days before.

To pay by the end of the month, the payroll must be drawn by the 20th. If an employee quits after the 20th, the payroll must be adjusted after it has been submitted to the controller.

Under the new plan, the payroll would be prepared after the work period ends.

Don Thomas, president of the San Mateo County Employees Assn., asked for a short delay in passage of the ordinance until his group has a chance to study it.

Working with Rick will be G. A. Foster Jr. and A. A. Anderson, mortgage loan appraisers; and A. G. Oakes, G. F. Whelan and W. R. Blodgett, mortgage loan inspectors.

At the outset, the San Mateo office will administer more than \$14,000,000 of mortgage loans in force in the area.

Stewart pointed out that the active mortgage loan accounts in Redwood City represent \$1,344,799 of this figure.

Ascension Hernandez Held as Peeping Tom

Redwood City police Monday arrested Ascension Hernandez, 28, 718 Alameda de las Pulgas, on a Peeping Tom charge, Chief C. L. Collins said.

The chief said that Officer R. H. Copp spotted the defendant at 10:45 p.m. walking barefooted and took him to the home of George J. Moore, 2403 Harding St., where Moore identified Hernandez as the man who had prowled around his house six weeks ago.

Now the firm employs only about three men in the Redwood City area, but when the full development is accomplished there will be as many as 150 persons employed during the peak season.

The Belmont land originally was part of the San Francisco Port development, but had been purchased by the Harbor Development Corp., whose principal office is in Los Angeles.

At the present time no salt is being produced, but the firm should get into partial production next year, Buchen declared.

Now the firm employs only about three men in the Redwood City area, but when the full development is accomplished there will be as many as 150 persons employed during the peak season.

Rolison Predicts Cut In Tax Rate of 3 Cents Despite Budget Hike

City Mgr. E. A. Rolison this week presented Redwood City councilmen with a proposed budget for the 1949-50 fiscal year calling for the expenditure of \$71,106.51 more than last year but with a tax rate approximately three cents less than last year.

Councilmen must adopt by Aug. 1 a budget for the coming fiscal year, which begins July 1.

Rolison's proposed budget calls for the total appropriation of \$932,506.91 for the 1949-50 fiscal year as compared with the total of \$861,400.40 for 1948-49.

The tax rate he proposes is to average \$1.0996 per each \$100 of assessed valuation. The rate for last year was \$1.1320.

Rolison explained the greater appropriation and the lesser tax rate pointing out that the net assessed valuation of property in the city this year will probably be \$50,000,000 as compared to the \$45,028,388 valuation of last year.

The high assessed valuation, although charged with a lesser tax rate, will still bring more money to the city. Most of the \$5,000,000 increase has been accounted for by new buildings in the city which will be on the tax rolls for the first time.

Of the \$932,506.91 Rolison proposes be spent, \$758,194.80 is accounted for in departmental requests and \$174,312.11 is required for special purposes such as the library, the retirement fund, bond redemption and interest and a war memorial fund.

Last year \$672,350.40 was budgeted for departmental requests and \$188,550 for special purposes. Of the \$758,194.80 to be raised for department requests, Rolison proposed that \$375,466.13 come from a general tax levy, \$209,298.75 from miscellaneous revenues, \$25,000 from the city's share of the state liquor license fees, \$21,000 from the highway users tax fund, and \$55,184 from the in lieu tax. The balance, he predicted would come from cash on hand as of July 1. That would be \$72,245.92.

For general purposes would be \$7509 for this year as compared with .70 last year. The rate for the library would be .1049 this year as compared with .1053 last year. The rate for the war memorial fund would be .04 this year, the same as last year. The rate for the retirement fund would be .07 this year, compared with .08 last year.

The main drop in the total average tax rate would come in that part of it charged for the redemption and interest of bonds. During 1948-49 the rate for this purpose was .2067. Rolison proposes that during 1949-50 the rate for this purpose be .1338. Reason for the drop, he explained, is that funds for the redemption of and interest on bonds issued for a new sewerage disposal plant will be gathered from receipts from a sewer rental fee now being charged residents. These charges are not reflected in the tax rate.

Biggest increases in departmental expenditures are in the police, fire, animal shelter, street maintenance, street cleaning and electrical departments.

The city manager proposes that \$120,006.35 be spent during 1949-50 for the police, compared to the \$106,564.21 budgeted last year. He proposes that \$117,000 be spent for the fire department, compared to the \$106,564.21 budgeted last year. He proposes that \$117,000 be spent for the fire department, compared to the \$106,564.21 budgeted last year.

They told police that as they started to leave, Mrs. Reith called them back.

"I can't stand living this way," she was quoted as saying, "I've been ill for 10 months and I'm afraid of being put in a strait-jacket."

She started for the surf after handing her purse to one of the girls and saying "give it to my husband in San Mateo."

Miss Videtich grabbed her and the other girl ran for help.

But Mrs. Reith broke away and ran into the surf. She swam for some 20 minutes, then went under.

Coast guardsmen of the Golden Gate station found her body washed ashore some time later, still clad in the print dress she was wearing. Attempts to revive her by artificial respiration failed.

A partly obscured message was found written in the sand and authorities eventually identified her from the fragments of name and address it contained.

(See City Council Pg. 2, Col. 3)

Girls Fail to Halt Suicide Attempt

A frail, 40-year-old San Mateo woman swam to her death in the surf at San Francisco's Ocean Beach Saturday after breaking away from two teen-age girls who tried to stop her.

She was later identified as Mrs. Ernest Reith, 2310 Flores St., San Mateo.

Mrs. Reith had met the girls, Mary Anne Videtich and Barbara Ghandy both 16 while on the beach and had held their wrist watches while they swam.

They told police that as they started to leave, Mrs. Reith called them back.

"I can't stand living this way," she was quoted as saying, "I've been ill for 10 months and I'm afraid of being put in a strait-jacket."

She started for the surf after handing her purse to one of the girls and saying "give it to my husband in San Mateo."

Miss Videtich grabbed her and the other girl ran for help.

But Mrs. Reith broke away and ran into the surf. She swam for some 20 minutes, then went under.

A partly obscured message was found written in the sand and authorities eventually identified her from the fragments of name and address it contained.

(See City Council Pg. 2, Col. 3)

Owners Revise Plans For St. Improvements In SC Industrial Area

Property owners in the San Carlos industrial area this week turned down an "overly ambitious" plan for extensive street improvements in the area between El Camino Real and Bayshore Hwy.

Instead, industrial property owners will circulate petitions for proposed improvements of five streets in the area: East San Carlos Ave., Bransten Rd., Brittan Ave., Commercial Ave. and Terminal Wy.

Industrialists backed down on a proposal for overall street improvements in the area when San Carlos City Engineer Edwin Smith told the group, meeting in the San Carlos City Hall, that assessments in the area would probably hit the half million dollar mark. In previous meetings property owners had given Smith and Howard Brod, San Carlos city manager, endorsement of the plan.

When Smith presented assessment figures, however, the group reversed its previous stand on the matter.

E. A. Mignacco, owner of the largest amount of property in the area, keynoted the feeling of most of the other property owners when he termed the plan "too ambitious for this time."

Mignacco declared that if industry was slow in coming into the area the effects of the proposed street improvement project would be "disastrous."

Main objection of the property owners was the proposed building of an 80-foot service road running parallel to Bayshore Hwy. Smith said that cost of this proposed road alone would run \$20.55 a front foot assessment.

Smith made the proposal that only a center strip of concrete be laid on the road immediately which would have reduced the cost to about \$14 a front foot.

The proposed new 80-foot service road would have been laid out with a 60-foot paved area and would have run the entire length of the industrial area from Holly St. in San Carlos to the Redwood City limits.

Brod, at the outset of the meeting, had termed the project the "most unusual public project" he had ever seen. Both Brod and Smith termed the price of proposed improvements in the area "nominal."

Smith said that during the last six weeks he had undertaken extensive surveys of bid prices for storm, sewage and street work construction in the area and had used current bid prices as a major basis of estimate.

He admitted, however, that the cost of filling the area, especially in the area of the new proposed 80-foot service road, would be high.

The engineer said that extensive fill work would have to be done in the area and that flood gates would have to be installed to prevent waters from the bay backing up in storm drains during high tide.

Property owners raised another objection to the proposed service road when they declared

Woodside Man Sentenced After Shooting Wife, Friend

George C. Morse, 39-year-old Woodside resident and San Francisco warehouse owner, was given six months in the county jail this week after he promised not to take another drink.

Morse had pleaded guilty to two charges of assault with a deadly weapon arising out of the shooting of his wife, Virginia, and a family friend, Kenneth Hulme, of Palo Alto.

Superior Judge Aylett R. Cotton meted out the jail sentence and gave Morse credit for two months he already has served while waiting disposition of his case. No probation was attached to the jail term, since probation cannot be given in a case involving deadly weapons.

Morse's attorney, Nathan C. Coghlan, asked the judge not to give his client sentence more serious than one in county jail. He had talked the matter over with Mrs. Morse, who has gone East, and with the rest of the family, Coghlan declared.

"I believe on account of drink this man did not know what he was doing, and they believe, as I do, that this will prevent him ever taking another drink," Coghlan declared.

"That is so, I think a fine man can be made out of him, because everybody seems to have a high regard for him."

Chief Criminal Dep. Dist. Atty. Fred Wyckoff agreed with Coghlan, saying that "when Morse is sober, he is a very fine man."

"Of course, we cannot overlook a matter of this kind," Judge Cotton said. "I think under the circumstances, considering his reputation of being a good family man, six months in jail, and credit for time served, would be

B. of A. Low Bidder On \$173,000 Bonds

Bank of America was low bidder on \$173,000 worth Redwood City bonds today.

City Atty. Cuthbert Currie said that bids on \$48,000 worth of 1944 civic improvement bonds and \$125,000 worth of sewage disposal plant bonds had been opened.

He said that Bank of America had bid an average interest rate of 2.1949 per cent on the sewage bonds and 1.7239 per cent on the improvement bonds.

Cost to the city for both the issues will be approximately \$35,000, Currie said.

The improvement bonds will be retired at a rate of \$5000 each year for nine years and \$3000 the last year.

The sewage bonds will be retired \$5000 a year for the first 10 years, then \$10,000 a year for seven years, and finally \$5000 for one year.

Councilmen must yet approve the sale of the bonds to the low bidder.

City Council

(Continued from Page 1)

012.60 be budgeted in 1949-50 for the fire department, compared with the \$105,079.80 budgeted for 1948-49.

The figures for the other departments are (last year's figure is given first):

Animal shelter, \$7826, \$11,132; street maintenance, \$75,729.66, \$87,045.62; street cleaning, \$19,778.06, \$31,236; electrical, \$28,582.94, \$43,955.05.

The police budget includes \$6228 for two additional officers and \$1800 for three school traffic guards.

The fire budget includes \$6228 for two additional firemen and \$2270 for a new junior typist clerk.

The electrical budget includes \$3558 for an additional lineman foreman.

In a letter accompanying his proposals, Rolison said the budget includes all contemplated revenues and estimated departmental expenditures with the exception of:

1. Major street improvements to be financed by 1944 bonds and gasoline tax funds (to total approximately \$47,000).

2. Certain fire department capital improvements to be financed by 1944 bonds.

3. Major repairs to the city hall to cost approximately \$14,000.

After Rolison's proposals had been accepted last night the council started scheduling caucus sessions at which the budget will be discussed in detail before a final budget is drawn.

The council authorized Rolison to state how much he had trimmed from departmental requests before submitting his proposals. He said this morning that if he had not cut some requests the proposal would have been for a \$1,032,294.94 budget instead of the \$932,506.91 budget.

Berman's Prize Dog Found ... She's Mother of 6 Puppies

A two-month search of Chicago for a show dog valued at \$1000 by her owner is over. But the dog, Zaba of Selby, has six puppies.

The schnauzer was entered in the Chicago Dog Show last March by Bobby Burns Berman of Redwood City. She escaped from an attendant at Douglas Airport while being returned home March 28.

Berman returned to Chicago to help search. Later, through Mayor William M. Werder of Redwood City, he appealed to

Mayor Martin Kennelly of Chicago. Two detectives took up the search.

Mrs. Joe Mohovich, whose husband formerly worked for the Animal Welfare League, saw Zaba in Garfield Park last Saturday. Mrs. Mohovich, who thought Zaba looked like a lost dog, brought her food and discovered the six puppies in the park bushes. The mother and puppies were taken to the league. An official identified the dog as Zaba.

Berman, operator of Miller's Stationery Store here, is also the owner of Chief of Staff, generally regarded as one of the best male schnauzers in the country.

Auto Looting Wave at Airport

A wave of automobile burglaries at the San Francisco Airport in San Mateo County was reported to the sheriff's office last night.

Chief Dep. Sheriff Walter Moore said that four cars were ransacked by thieves who in each instance broke windows of the cars.

The cars broken into were those of A. C. Freeman, United Packing Co., South San Francisco; L. J. Seldman, San Francisco; H. D. Bushman, 519 East Poplar Ave., San Mateo, and Charles R. Pelfer, North Hollywood.

Nothing was taken from Freeman's car but clothing, a flashlight and a suitcase were removed from the other vehicles. All of the cars were in the airport parking grounds.

County Building Below '48 Total

The value of construction in the unincorporated parts of San Mateo County at the end of May was \$1,500,000 below the 1948 five-month total, Bldg. Insp. A. W. Russell reported today.

To the end of May permits had been issued for construction valued at \$6,849,622.58, Russell stated. At the end of May a year ago the figure was \$8,324,317.50.

Russell's office last month issued 187 permits for construction estimated at \$939,539. The May, 1948, total construction value was \$1,438,730.

Of last month's permits, 91 were for new homes valued at \$759,002; 49 for residential alterations amounting to \$91,475; 39 for new non-residential construction totaling \$81,062; and 9 for non-residential alterations valued at \$8000.

Russell's office last month collected \$5796.41 in fees.

Third Court Bill Wins First Test

Assemblyman Richard J. Dolwig's bill to create an additional superior court in San Mateo County hurdled its first obstacle when the measure was given approval of the judiciary committee in the lower house of the state legislature. This will give the county three superior benches.

The bill will be up for consideration on the floor of the assembly sometime late this week.

SC Chamber Has Annual Dinner

More than 150 persons attended the San Carlos Chamber of Commerce's Annual Dinner Dance Saturday night at the Rancho San Carlos. A program of games and local entertainment was presented and guests heard J. Roger Deas, a member of the faculty of Golden Gate College, as the speaker of the evening.

Claim Prop. 4 Will Boost Taxes

The 209,100 people of San Mateo County will have to pay \$209,100 in additional taxes for every \$100,000 of special appropriations which the legislature passes, California Taxpayers' Assn. declared today.

On the other hand, the people of the county will save \$209,100 in state taxes for every \$100,000,000 plus budget proposal, the taxpayers' organization said, urging that rigorous economy be the order of the day in Sacramento.

There are more than \$800,000,000 of special appropriation bills in the legislative hopper.

"New and increased state taxes impend, unless the state budget is reduced substantially, Proposition 4 is repealed, and the legislature clamps a tight lid on special appropriations," the association warned.

Father Sues School District

The father of a 16-year-old boy injured in a shop accident at the San Mateo Union High School on Feb. 15 today filed suit in superior court at Redwood City for \$10,161.

The suit was filed by James J. Santerelli, San Mateo, against the high school district and the County of San Mateo.

James A. Santerelli, the son, was operating a circular saw in the woodworking shop of the high school and cut the fingers of his left hand. As a result, parts of two fingers had to be amputated, the complaint stated. Santerelli charged that his son had not been given instruction in the use of the saw.

The Peninsula Beacon

R. L. Spangler, Publisher: Peninsula Newspapers, Incorporated, Owner. Published every Friday. Office of Publication: The Tribune Building, 30 California Street, Redwood City, California. Telephone EM 6-2511. Established Dec. 4, 1922. Declared and established a newspaper of general circulation by order of the Superior Court of San Mateo County, April 8, 1926.

Grand Juror Scoffs At Charge SF Bets 'Farmed Out' Here

San Francisco has enough bookies of its own without farming out bets in San Mateo County, Dr. S. J. Guardino, chairman of the grand jury's law enforcement committee, said this week.

Red Drive for Asia Told Rotarians

The United States faces disaster unless it stops Communist aggression. That was the warning issued yesterday by Dr. Robert F. Fitch in his talk before the Redwood City Rotary Club.

Dr. Fitch, who lived most of his life in Hanchow, China, and who served as a college professor, adviser for National Geographic and for United Nations Relief and Rehabilitation Administration, discussed "Russia's Race for Asia."

Dr. Fitch attacked what he termed the fallacious propaganda being spread in this country to the effect that there is no connection between the Chinese Communists and the Russians.

He pointed out that already the Communists are circulating currency in China which includes a picture of Lenin, as well as the hammer and sickle slogan of the Red party.

He lashed at the needless waste of American funds in China, but he added that the waste is the fault of American and UNRRA administrators, not the Chinese.

Dr. Fitch praised the work of Chiang Kai-shek, whom he compared with Abraham Lincoln, as one of the great humanitarians of Chinese history.

The speaker added that Communist propagandists, who have as their objective the plot to keep United States from aiding Nationalist China, are waging a powerful war battle in this country, and the unsuspecting public is unable to distinguish between this propaganda and the real situation.

Dr. Fitch, who now resides in the Skyline Blvd. area and until recently was a member of the staff at the University of California, was introduced by Program Chmn. Frank Conkling.

MP Schools Set Registration Date

Registration for children who will enter Menlo Park Elementary School Dist. kindergartens next fall has been set for Monday, June 6, the district announced today.

Parents may register their children between 9 a.m. and 3 p.m. on that day in Central School Auditorium.

To be eligible for kindergarten next fall, a child must have been 4 years old as of March 1. Parents should bring some record of age, such as a birth certificate, or baptismal certificate.

The district's kindergarten teachers, Mrs. Elizabeth Durkee, Miss Eva Clayton and Mrs. Ruth Utzinger, will do the registering and will distribute a booklet of advice to parents which they have written.

Grass Fire Nears Menlo Country Club

A grass fire at 5:45 p.m. yesterday burned off a 15-foot strip of weeds along property on the Woodside grade near the Menlo burned itself out before firemen arrived.

The Woodside Fire Dept. answered the call but the blaze had Country Club but did no damage.

SM County Preventorium To Get Change in Name

The San Mateo County Preventorium will be known in the future as the Children's Health Home, it was officially announced today by Mrs. Ferdinand Stent, president, following a meeting of officers of the organization.

The change in name of the long-established county institution, located at 515 Poplar Ave., San Mateo, was decided upon to promote a better public understanding of the agency's scope and purposes, as well as a wider use of its facilities for the rehabilitation of children, Mrs. Stent said.

"The word 'preventorium' is generally associated solely with the prevention of tuberculosis," Mrs. Stent explained. "Since the Children's Health Home accepts and gives care to children who are below par physically for causes other than incipient tuberculosis, or who are convalescing from other illnesses, it is felt that the new name will give a better over-all picture of the home's present activities."

Mrs. Stent emphasized, however, that since children who are run-down physically for any reason are all potential victims of tuberculosis, the prevention of that disease will still remain one of the primary functions of the Children's Health Home.

Typical of the kind of cases cared for at the home are children with allergies, including asthma, minor heart ailments, or malnutrition.

As the San Mateo County Preventorium, the home was founded in 1920 by Mrs. Harry S. Dana.

Forum Letter

To the Editor:

"It is rather belated but nevertheless on behalf of the membership of Cpl. James Lindsay Wilson Post 2310, Veterans of Foreign Wars of the United States, I wish to express that we feel a certain gratification that we had the opportunity to bring to the community the talented group of musicians known as the San Francisco Sinfonietta, organized and led by Nathan Koblick of Menlo Park. We feel assured that the concert rendered was unusual and immensely satisfying to the listeners.

However, as chairman of the committee in charge of arrangements, etc., I feel it incumbent to publicly announce that our hopes for the establishment of a musical scholarship went a glimmering because of the lack of attendance and consequent inadequacy of finances. The fact is that Mr. Koblick most magnanimously and generously waived payment and personally assumed the largest share of the fee necessary to cover the pay of the musicians.

It is sincerely to be regretted that we of Redwood City thus possibly will lose the opportunity of again having this exceptional organization appear in our community, but certainly we cannot expect Mr. Koblick to continue to underwrite future presentations. I just wonder whether it would be possible for some of our civic minded people in the community to underwrite a series of concerts by the San Francisco Sinfonietta for either this Summer or coming Fall? If so, it may be well for them to contact Mr. Koblick at the earliest practicable moment. We feel that the value of this group would be immeasurable in the furtherance of the cultural and esthetic development of our children; and at the same time bring considerable satisfaction to adults amongst whom would thus be exposed to the soothing influence of good music rendered expertly by talented musicians.

Sincerely,

LOUIS WEISS, Colonel, Retired

British coal production in 1948 totaled 208,000,000 tons—11,000,000 tons more than 1947 production, but still below the prewar level.

San Mateo, who served as first president of the institution and who still takes an active part in its direction as a member of the board of managers, and president emeritus. Headed by Mrs. Dana, the agency undertook the task of caring for children in San Mateo County who were undernourished and threatened with tuberculosis, since no provision for this type of case was available at that time.

As the danger of incipient tuberculosis decreased during the past decade, due to early examination, diagnosis, and care, the institution enlarged its services to include convalescent children and children needing medical attention for other causes.

The home, an agency of the San Mateo County Community Chest, provides care and supervision for children from the ages of 6 to 14 who are residents of San Mateo County, free from communicable disease, and in need of specialized care. Bed patients are not eligible for admittance to the home.

Each case must be recommended by a physician, public health nurse, school nurse or Red Cross nurse, and a complete physical examination upon admittance is required.

Supervision of the home is under the direction of Miss Aurea Gauvin, R.N. Two other nurses assist in care of the children, and a doctor who visits the home weekly examines and gives each child a periodic physical check-up.

The home is open to all children of San Mateo County, regardless of creed or race, who cannot obtain needed medical care at home, Mrs. Stent said. Fees are charged in accordance with the family's ability to pay, and free care may be secured if it is needed, the president said.

Executive officers of the Children's Health Home are Mrs. Stent, president; John Bromfield, first vice president; Mrs. Frank Schwabacher, second vice president; Edward Hoffman, secretary; Perry Bygones, treasurer, and Mrs. Charles Blyth, corresponding secretary.

Members of the board of managers are Mrs. Stent, Mrs. Blyth, Mrs. Schwabacher, Mrs. R. M. Bradley, Mrs. Harold Bromberg, Mrs. P. W. Brubaker, Mrs. Dana, Mrs. Charles Dostal, Mrs. Richard Heimann, Mrs. Walter Holt, Mrs. H. von Kempf, Mrs. Maurice Liebmann, Mrs. Carl W. Martin, Mrs. Harry Post, Mrs. Cyril Tobin, Mrs. William Torrence, Miss Martha D. Adams, Mrs. Stanley Macey, Comtesse Marc de Tristan, Bromfield, Hoffman, Bygones, Frank Burrows, C. M. Doozee, Dr. H. L. Mawdsley, George McQueen, J. E. Morrish, Dr. Eberhard Sogemeier and Dr. Edward Schulze.

Rate of Gain in New Retail Store Openings Has Slowed Down

The growth in Bay Area retail stores for the years between 1946 and 1949, and a comprehensive study of trends in the number and types of retail stores in the nine Bay counties, are covered in a study issued today by the Bay Area Council.

Stressing the value of retail store data as a barometer of business development or recession, the council study points out that the increasing number of Bay Area retail outlets continues to set record high marks, but that the post war boom in new retail store openings seems definitely over.

The nine Bay Area counties had 66,397 retail stores on January 1, 1949, which amounted to 1456 more stores than existed on the first of 1948, and 6203 more stores than the Bay Area reported at the start of 1947.

The rate of gain has slowed down, however, with 1949 showing a 2.2 per cent growth over 1948, as compared with a 7.9 per cent growth between 1948 and 1947. In substance, new retail store openings have leveled off to a net rate of increase of 8 per cent for the last six months in 1948 as compared with the substantially higher 3.5 per cent rate of new store gains in the same period in 1946.

Luxury goods stores showed the sharpest decline in new store openings, with luggage outlets down 20 per cent while variety stores picked up in number to the extent of 12 per cent of all new stores reported.

Frank E. Marsh, council general manager, commented on the report as follows:

"Offsetting the slowdown in new store openings in the consistent increase in overall retail outlet operations for 1948, with 71 per cent of all major lines of business showing a net growth in number of establishments, and only 29 per cent of the retail store groups showing a lesser number of outlets.

"Each Bay Area county, in fact, showed a definite gain in retail outlets, ranging from the high of 8.1 per cent in San Mateo County to a low of 1/10 of 1 per cent in Alameda County."

San Francisco still had the largest number of retail stores, 24,663, at the first of 1949, or 78 more than at the same time last year. This was a 0.2 per gain, as compared with a 11.6 per gain of 1155 stores in 1948 over 1947.

Alameda County was second in the number of retail stores with 17,440, only 23 more than the first of 1948, a 0.1 per cent gain. In 1948, Alameda gained 1217 stores or 7.5 per cent increase. Santa Clara County ranked next to San Mateo in the highest percentage of new retail stores last year, 7.9 per cent, for a total of 6812 outlets. This was the third largest number of stores reported by any Bay county.

CALIFORNIA POLL: Most Plan Vacations in Home State

BY MERVIN D. FIELD

Director, The California Poll

As many or more Californians are planning vacations this year as did in 1948 in spite of growing unrest over economic conditions and unemployment. As the vacation season swings into high gear nearly half of the people questioned in a survey by the California Poll say they are planning a vacation for this summer or fall or they have already taken one. More of these people will head for the vast vacation areas within their home state than for any other one part of the country.

Northern California, San Francisco, the Redwoods and the High Sierras are most frequently mentioned as vacation grounds. One out of five vacationers will go back East and a similar number will travel to nearby Western states, Western Canada, or Mexico. The states most frequently mentioned after California are Washington, Oregon, Wisconsin and Minnesota.

Interviewers asked:

"Do you plan to take a vacation this year?"

Officer Reserve Openings Listed

Maj. Lawrence J. Reiner, Redwood City, assistant chief of staff of the 663rd Infantry Training Division, ORC, with headquarters in Palo Alto, announced today there were openings in positions within the division staff.

The division, a unit of the officer reserve corps, has been established as a training unit for ORC members within the Redwood City, Palo Alto area.

There are vacancies on the staff for a neuropsychiatrist, photo interpolator, postal officer, adjutant general's assistant, chaplain's assistant and air-ground liaison officer.

Reserve officers with or without previous experience in these lines are needed to fill the division quota.

Meetings of the organization are held on Wednesday nights from 8 to 10 o'clock at Palo Alto High School. The unit is one of the war department's reserve organizations in which members of the unit are paid for their regular participation in division meetings.

"Reserve officers are afforded a chance to maintain their reserve status under the sixth army's direction," said Maj. Reiner, "and members will be paid for their participation in the ORC program."

Further information may be obtained from Maj. Reiner at EM 6-0372, or from division headquarters, 514 Bryant St.,

COMING EVENTS

THURSDAY
6:40 p.m.—San Carlos Toastmasters Club. Bondy's in Belmont.

8 p.m.—Robin Hood Circle 517, Neighbors of Woodcraft, IOOF Hall.

8:15 p.m.—Redwood Parlor 66, NSGW, Foresters Hall.

8:15 p.m.—Cpl. James L. Wilson Post 2310, Auxiliary to Veterans of Foreign Wars, Veterans Hall.

FRIDAY
12:15 p.m.—San Carlos Rotary Club. Bondy's.

6:45 p.m.—20-30 Service Club, Ramor Oaks.

8 p.m.—Fraternal Order of Eagles, IOOF Hall.

8:15 p.m.—Jewish services, Temple Beth Jacob in Menlo Park.

SATURDAY
9:15 a.m.—Jewish services.

SUNDAY
4 p.m.—Stanford band concert under the direction of Mr. Julius E. Shuchat to be presented in the Memorial Hall on the campus.

Room 9, Palo Alto, shown because some people gave more than one answer.

August is the favorite month mentioned for vacations and one-third will take them then. Another third will have returned before the end of July and the remainder are undecided or will wait until fall.

"When do you plan to go?" Total who are planning vacation, 43 per cent.

Month	Pct.

The traditional family argument between the mountains and the seashore is not in evidence at this time. By far the majority of vacation plans described by Californians for this year were for mountain or city areas.

(The reports of the California Poll are presented each week exclusively in this area by the Redwood City Tribune.)

Dybdal Appointed J-M Plant Manager

The appointment of Philip V. Dybdal as manager of the Johns-Manville in the roofing department was announced today by Alexander Cromwell, vice president, Johns-Manville Products Corp. He was formerly product superintendent, roofing department, for the company's plant at Pittsburg, Calif.

Dybdal succeeds Thomas H. Eaton, who was recently made manager of the new Canadian Johns-Manville plant at Toronto, Ont.

In August, 1934, Mr. Dybdal began his career with Johns-Manville in the roofing department of the company's Pittsburg plant, and since then has held various positions of responsibility at both the Pittsburg and Redwood City plants. Prior to joining Johns-Manville he was associated with the California Spray Chemical Co., Pittsburg, and the Hormel Packing Co., Austin, Minn.

Dybdal was graduated from St. Olaf College, Northfield, Minn., in 1930 with a degree in chemistry. He has been active in civic and fraternal affairs in Pittsburg and served as lieutenant commander on the USS Minneapolis during World War II. He is a member of the American Chemical Society, American Legion and Veterans of Foreign Wars.

Dybdal is the son of Mrs. E. A. Dybdal, Fergus Falls, Minn. His wife is the former Helen Dunbaugh, who has been teaching primary school in Pittsburg and has lived there since 1919.

Mr. and Mrs. Dybdal, now living in Pittsburg, will soon make their home in Redwood City.

PUBLIC NOTICE

Notice of Intention to Engage in the Sale of Alcoholic Beverages

May 15, 1949

To Whom It May Concern: Notice is hereby given that 15 days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

1515 Liguori Street, Redwood City, San Mateo County

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance of original application of an alcoholic beverage license (or licenses) for these premises as follows:

CLUB LICENSE

Anyone desiring to protest the issuance of such license (s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. These premises are not now licensed for the sale of alcoholic beverages.

SPRING FESTIVAL TARTS
3-ounce package cream cheese
2 tablespoons thin cream
6 baked tart shells
1 quart fresh strawberries, washed and hulled
1 cup sugar
3 tablespoons cornstarch
1 cup heavy cream, whipped
USE OUT 1/2 CUP SPRY.
Step 1 for Tenderness—put in about 2/3 of the Spry with pastry blender or two knives until as fine as meal.
Step 2 for Flakiness—cut in remaining Spry until size of large peas.
SPRINKLE 4 tablespoons cold water over different parts of mixture. Mix thoroughly with fork until all particles cling together and form a ball of dough. Roll dough 1/8-inch thick rounds and fit over outside of muffin pans, pinching into about 7 pleats. Bake in very hot oven (450° F.) 10-15 minutes. MAKES 9 tart or patty shells.
Softened cream cheese with cream and Mash enough berries to make 1/4-cup strained juice. Cut remaining berries in half and arrange on cheese in tart shells. Heat juice to boiling. Stir in slowly the combined sugar and cornstarch. Cook until clear (about 10 minutes). Cool. Blend juice and pour over berries in tart shells. Chill until firm. Spread with serving time. Makes filling for 6 tart shells or a 9-inch baked pie.
Flaky Tart Shells
Mix 2 cups sifted ALL-PURPOSE flour with 1/2 cup SPRY. Mix 2 cups sifted ALL-PURPOSE flour with 1/2 cup SPRY. Mix 2 cups sifted ALL-PURPOSE flour with 1/2 cup SPRY.

6-Room Ranch House
Guest Cottage
Cabana—All for \$19,750

Just like a miniature Del Monte
estate adjoining Atherton—
you've never seen anything
cutter. There are striking fea-
tures in all the rooms of the
brick faced ranch house—a cozy
overlook a big covered
patio. The guest cottage with
room and tile bath, the gar-
ageous cabana and barbecue and
the adorable play house are
built around a lovely garden
with fruit trees, a real story
book setting. For \$19,750 we
positively can't duplicate this.

File \$95,000 Suit
In Assault Case

A San Francisco divorcee and
her parents today filed suit in
superior court at Redwood City
for \$95,000 damages allegedly
arising from an assault at the
Crystal Springs Country Club on
Feb. 19.

The suit was filed by Mrs.
Ethel Barnes and her parents,
Mr. and Mrs. Sidney Lewis.

They are suing 19-year-old
Patricia Broderick, her parents,
Mr. and Mrs. Henry Broderick,
and the operator of the country
club.

The complaint charges that Pa-
tricia "unlawfully and malicious-
ly" assaulted Mrs. Barnes during
a quarrel in which members of
both families participated. Pa-
tricia, the complaint continued,
slashed Mrs. Lewis with a knife
and kicked Lewis.

The Grand Canyon—217 miles
long—is one of the scenic won-
ders of the world.
